

OXFORD WON
ON THAMESDefeated Cambridge Before
Record Crowd

THREE AND HALF LENGTHS

The Oxford Crew Was the Favorite,
Because It Was Said to Be Best
Sent Up for Many
Years.

London, March 23.—Oxford university defeated Cambridge university in their 5th boat race, on the Thames to-day, finishing three and a half lengths ahead. Oxford's time was twenty minutes and fourteen seconds, which was one minute and 27 seconds behind the record. The race was over the course from Putney to Mortlake, a distance of four and a half miles.

After the first mile there was no question as to the result. At that time Cambridge was quarter of a length ahead but had shot its bolt, and Oxford easily led to the finish. A record-breaking crowd saw the race.

The result of the race was according to the general predictions, although Cambridge had been showing marked improvement during the last few days, particularly yesterday. But Oxford had the advantage of 35 pounds in weight and the crew are reputed to be the best sent up in years from that university.

MISTAKEN FOR CANNON.

Hiram B. Weeks of St. Albans Had Un-
usual Experiences.

Washington, D. C., March 23.—An amusing incident occurred at the center market yesterday, when a white haired old man was mistaken for Speaker Cannon. He had just stepped out of his automobile and was standing at the meat counter, testing with a rigid index finger, a large porterhouse steak, when he was "discovered."

Immediately the word spread and a large crowd gathered. Finally a woman of mature years and much avoirdupoise, elbowed her way through the crowd and enthusiastically grasping his unwilling hand exclaimed:

"Oh, Mr. Cannon, I am so glad to meet you. I want to tell you that I think you are just a grand man. I hate those insurgents and I am glad they didn't put you out of Congress."

The old man, in confusion, beat a hasty retreat in his automobile. Later it was learned that the speaker's double was Hiram B. Weeks of St. Albans, Vt., who is visiting his son-in-law, Representative Roberts of Massachusetts. He is 74 years of age, the same age of Speaker Cannon, and both were born in the same month.

gated—Case Continued.

New York, March 23.—Because Norman Pinder, the complainant, failed to appear to-day at the assault trial the Johnson case was continued and Johnson was released on \$2,000 bail. Judge Maloney declared he would have the grand jury investigate the disappearance of Pinder and other witnesses as he didn't intend to have the court trifled with.

O'KEEFE LOSES TO BRONSON.

Fine Schedule of Bouts at Boston Ar-
mory Athletic Association.

Boston, March 23.—Ray Bronson of Indianapolis made short work of Tommy O'Keefe of Philadelphia, at the Armory Athletic association last night, knocking the Quaker city lad out with a clean right cross to the jaw in the third round. O'Keefe was completely smothered by Bronson's blows in this round and went down in bad shape after heavy body blows and facial punishment, rising only to receive the knock-out.

"Honey" Melody of Boston, won the decision in a ten battle of eight rounds with Jim Moriarty of Lowell. Both men did effective work, but the Boston boy had the majority of rounds. Moriarty was badly cut on the nose, while Melody's lip was split.

Eddie Shevin of Roxbury went down twice under the blows of Tom Hogan of Philadelphia in the third round, but recovered ground and won the decision in eight rounds, the Philadelphia boy plainly showing the effects of a long ride, having been substituted at the last moment for Oscar Martin of Philadelphia.

Max Landry of Boston was badly punished by Young Dwyer of Watucket, the latter winning with a knockout in the fourth round.

DEMOCRATS JOYFUL,
REPUBLICANS SADOver the Elections of Foss as Congress-
man in Massachusetts Yester-
day.

Washington, D. C., March 23.—The victory of Eugene N. Foss in the fourteenth district congressional fight, in Massachusetts yesterday, is creating a great sensation here, even overshadowing the rules fight in the House, and Democratic congressmen are predicting that it means a Democratic House at the next session. The Republicans are plainly disturbed.

"It's the best news since 1892," said Champ Clark, the Democratic leader of the House. "If that proportion keeps up there will hardly be a Republican in the next House. Taken in connection with the recent election, it shows that the same causes are operating against the Republicans all over the country. It seems that it's too good to be true."

Representative George E. Foss of Illinois, brother of the newly elected congressman, was in a state of mixed emotion between party fealty and family pride, as he declined to discuss the political effects of the victory and contented himself with saying:

"My brother is a pretty good fellow even if he is a Democrat. He seems to have swept the district. We are very fond of each other, but I suppose we will have some warm times when he comes down here and sits in the chamber opposite me."

"I believe this will be the first time in history when two brothers have served in Congress at the same time on opposite sides of the political fence. We have had the Landis brothers from Indiana, the Kitchen brothers from North Carolina and other families represented by two men, but they have always been members of the same party."

STRIKE SETTLEMENT
APPEARS NEAR AT HANDAn All Night's Conference, Attended by
Representatives from Both Sides,
Is Now Considering New
Proposition.

Philadelphia, March 23.—There is every reason to believe that the transit company and the strikers are near a settlement. A conference lasting all last night, attended by State Senator McKelch, the company's directors, strikers and a citizens' committee, adjourned this morning to consider a new proposition. Many points are still at issue, including the reinstatement of strikers and the recognition, by the company, of a single grievance committee, elected by a majority of the street car men.

The general strike here has practically collapsed. Nearly all the 20,000 mill workers have returned to their employment in Frankfurt and Kensington.

BREAK IN GENERAL STRIKE.

Twenty-Two Hundred Philadelphia
Bricklayers Will Return to Work.

Philadelphia, March 23.—The first big break in the general sympathetic strike came yesterday, when the journey-men bricklayers, numbering about 2,200 men, notified the master bricklayers that they were ready to return to work. The masters will act on the matter to-day, and it is expected work will be resumed Thursday.

IDEA NOT FAVORED.

And State-Wide Strike in Pennsylvania
May Not Materialize.

Wilkes-Barre, Pa., March 23.—After a session lasting nearly four hours, the executive committee of the state federation of labor adjourned last night, without taking any action on the state-wide strike.

Vice-President Garron said as he emerged from yesterday's conference that before a state-wide strike was called it was the intention of the executive committee to ascertain the sentiment among the trade unions of this section of the state. He intimated that the committee would not be in any hurry to declare a strike.

It is said some of the members are opposed to calling a general strike. Philadelphia, March 23.—The executive committee of the textile workers voted last night to instruct all unions to notify their members to return to work to-day.

There are about 25,000 textile workers in this city and nearly all of them quit work about three weeks ago, going out on a sympathetic strike, to help the striking street car men.

There were great crowds and police reserves were called. The attacks following a meeting of 5,000 women of the "housewives' association," denouncing the meat dealers and boycott. "Our husbands die in factories and our babies die at home," was the burden of the women's cry. The meat prices are the highest in the history of this city.

HATTIE LEBLANC DENIED GUILTY.

Told Sister After Arrest That Mrs. Glo-
ver Killed Husband.

Cambridge, March 23.—Hattie LeBlanc, under indictment for the murder of Clarence F. Glover, has accused Glover's widow of having killed her husband. Such was the testimony of Hattie's sister, Irene LeBlanc, under cross-examination yesterday, in the hearing of the contest of the Waltham laundryman's will.

Irene said that she visited her sister in the East Cambridge jail, shortly after Hattie's arrest and asked her various questions regarding the affair. Another sister, Lillian, and a step-sister, Mrs. Davis, were present, but at the other end of the room, and the witness thought they did not hear her conversation with Hattie.

"Why did you do it, was it you that did it?" the witness said she asked her sister.

"I never did such a thing," she testified was Hattie's reply.

"Who was it that did it?" was Irene's next question.

Hattie answered, according to the witness:

"It was Mrs. Glover."

The cross-examination of Irene LeBlanc was necessarily slow in progress because she speaks only French, and all questions and replies had to be repeated by an interpreter. It is expected that it will be completed to-day and that her sister, Lillian, will then be called to the stand.

In the side of the body was a revolver, and there was a bullet hole in the right temple. The body was later identified by Mrs. O. T. Martin of Menhorne street, his mother, who says he left home Monday afternoon, after kissing her good bye and telling her she would not see him again. She was not surprised when told of his death. Burlington, March 23.—In Chittenden county court yesterday morning, the case of Addie Corey vs. Marshall Rogers, et al., an action in assumpsit to recover between \$500 and \$600, for services rendered as housekeeper, was taken up. The arguments were begun yesterday afternoon and the case was given to the jury this morning.

The plaintiff, Miss Rogers, before her marriage, sets up that she was housekeeper for her parents on the home farm in Underhill, for several years previous to their death. She was then housekeeper for her brother, the defendant, until her marriage, two years ago. In the settlement of the estate of the parents, the defendant was given the farm, consisting of 50 acres. The plaintiff claims that she was not allowed pay for her services as housekeeper.

In the afternoon a motion was made by the defendant's attorneys for a verdict, but the court overruled the motion. The motion was made on the ground that the defendant had never made any promise to pay the plaintiff for services.

C. S. Palmer appears for the plaintiff and R. E. Brown and V. A. Bullard for the defendant.

BIG VERDICT
AGAIN UPHELDSupreme Court Decides For
David Fraser

IN-BARRE QUARRY CASE

Had Once Affirmed the Judgment of
Washington County Court, But
Opened the Case for Re-
arguing.

The verdict of \$5,000, which was awarded David Fraser in his damage suit against Blanchard & Crowley, quarry owners, after trial in Washington county court, has been reaffirmed by the Vermont supreme court. After the case had been first heard in supreme court, the defendant's counsel made a motion for a new trial on the ground that the court had made a mistake in the interpretation of the case. The motion was allowed, and the case was again argued, with the result that the first verdict was sustained.

The plaintiff in the suit was injured in an accident at the defendant company's quarry at Waterbury in 1907, it being necessary to amputate one leg. Besides that injury, one arm was rendered practically useless, and he was in bed for nearly a year. The verdict is one of the largest awarded in Washington county court. Arguments in the case were made by John W. Gordon for the plaintiff and Richard A. Hoot of this city for the defendant company and Attorney Byrnes of Boston for the insurance firm, in which Blanchard & Crowley were insured. Announcement of the opinion affirming the lower court verdict was made following the sitting in chambers of the supreme court judges at Montpelier yesterday.

Wife of Defendant in County Court Trial
on Stand To-day.

Mrs. Heaphy testified to-day that she was in charge of the laundry and that Miss Duggan had been told not to start the mangle during her (Mrs. Heaphy's) absence in Northfield, which covered from one Thursday to the following Monday.

The plaintiff rested his case at four o'clock yesterday afternoon, and the defendant started his side this morning. It is likely that the testimony will be all presented by the end of the week.

SLAPPED THE WOMEN.

But Henry Andrews Thought He Didn't
Hurt Them Much.

As the result of a scrap with Dora Geary and Carrie Constock in a house on Cottage street yesterday afternoon, Henry Andrews was arraigned in the city court this morning on the charge of breach of the peace. He pleaded guilty to the charge and paid a fine of \$5, with costs of \$7.50. When asked by the court what the trouble was, Andrews said that he had some words with the women, and he slapped their mouths, but he guessed he didn't hurt them much. Following the scrap, the women had a warrant sworn out for his arrest. Chief Stinchfield and Officer Carls found Andrews in bed in his room in the A. Tonnard building on Merchant street. The officers say that he was somewhat intoxicated when they found him, and as he has always done before when the officers have arrested him, he put up considerable of a scrap. The officers finally got him out onto the street and then, as he still refused to walk along, they halted ex-Policeman Frank Hume's express team, and loading him into the wagon, carted him to the station.

CONFIRMED BY ALDERMEN

Aldermen Take Steps to Put City Police
Department in Better Shape—Other
Business Done Last
Night.

The first step in what the police committee say will finally result in an innovation in the local police department, was accomplished at the meeting of the board of aldermen last evening, when the recommendation by the committee that the city purchase one new uniform for each of
